

# Translation & Interpretation Services

## Request for Resumes

ICIU is looking for professional translators and interpreters to fill a growing demand for interpretive services in the judicial and healthcare fields. ICIU has been providing translation and interpretation services for over thirty years. With more than 100 translators and interpreters fluent in 40 languages and dialects, ICIU helps companies, governmental agencies, non-profit organizations, and individuals overcome language barriers.

**Qualifications for the position:**

- Prior training and experience, or demonstrated potential, as an Interpreter or Translator.
- Fluency in English and the target language at a level equivalent to at least a bachelor's degree in both languages with preference for language proficiencies equivalent to an advance degree.
- Knowledge of the cultures of both the United States and your cultural area of expertise.
- Strong professional ethic and commitment to professional development as an interpreter and/or translator.

As an ICIU Interpreter/Translator, you will serve as an independent contractor with the flexibility to accept assignments that fit your schedule. You will have the opportunity to work in a variety of settings based on your expertise and skill level. Settings may include, for example, medical, legal, government, business, and technical and social services. Compensation is competitive.
